# ASSISTIVE TECHNOLOGY TUTORIALS

Want to learn how technology can enhance your life? Do you have trouble seeing the screen because of vision loss? We can help you make sense of your technology.

We are offering:

- 90 minute, customized tutorials on your device
- Technology Training for All: If you struggle to see, you can learn about the accessibility settings on your device to gain independence and pursue your interests.
- Connection to Resources: once you know how to interact more easily with your device or computer, we can show you how to access further training!

**Where:** Richmond Public Library, 100 - 7700 Minoru Gate, Richmond

**When:** October 27, 2022 - Pre-registered bookings only

\*\*To register, please call Julia at 778-897-3115

Presented in partnership with Richmond Public Library
