Maximizing Independence

For Festival and Event Accessibility Focus Groups

We are bringing together people with disabilities, and those who support us, to talk about barriers in Canadian outdoor, indoor, and online festivals and events. Share your experiences in a 90-minute focus group from July to September, and we will give you \$50 in gift card. We have limited spaces, so sign up early!

The focus groups are part of Independent Living Canada's Festival and Event Accessibility Research Project. Your input in a focus group will help make accessibility recommendations for Canadian festivals and events. They will also help inform future standards for Accessibility Standards Canada.

To sign up, go to our focus group form at:

Other formats can be found here:

We look forward to hearing about your experiences at Canadian festivals and events!

If you have any questions, or you need other access options, please contact Lisa, the Festival Accessibility Research Project Coordinator by email
